THE KEY TO FLUENCY

ENROLL TODAY FOR SUMMER 2021

OUR HISTORY

We recently celebrated 30 years in business! 1989 was the first summer that we ran our intensive residential French and German summer courses for second level students in Ireland (Spanish was added in summer 2007). We are innovators in the field of language learning as we were the first company to develop and run residential courses in Ireland for teenagers using a foreign language.

WHAT HAPPENS ON AN ELC COURSE?

- Students live in a boarding school for a period of just less than three weeks.
- Classes take place 6 days a week usually from 9.30am-1.00pm.
- Activities in the afternoons and evenings (all conducted in the target language).
- Students are expected to communicate in the target language at all times.

WHO CAN ATTEND ELC?

All secondary school students who have completed at least one year of language learning at secondary level. Students currently in 1st or 2nd year go to the junior courses and students who have completed the Junior Cert go to senior courses along with TYs, 4th years and 5th years.

WHERE ARE THE COURSES?

The courses are conducted in carefully selected boarding schools with spacious grounds and a variety of sporting facilities

- Clongowes Wood College, Clane, Co. Kildare
- Wilson's Hospital School, Multyfarnham, Co. Westmeath
- St. Flannan's College, Ennis, Co. Clare
- Bandon Grammar School, Bandon, Co. Cork
- Villiers School, North Circular Road, Limerick

"My daughter completed a highly enjoyable and fun course again this year. She has spoken so highly of the of the staff for their very warm, friendly, open, fun approach to the delivery of the course. The whole experience we believe not only advanced her understanding of Spanish but more importantly proved to be character building in the most positive way because of the very positive atmosphere that was created by the ELC team."

WHY CHOOSE ELC?

- Over 40 hours of tuition during the course - that adds up to about half an academic year.
- The course costs about €80 a day - compare that to grinds which can be €40/50 for just one hour.
- The anxiety, expense and difficulties involved in going abroad are eliminated.
- A hard to rival 1:6 staff to student ratio.
- Courses are so well structured so nothing is left to chance. Students are occupied at all times - in class or during activities.
- Courses are residential. There is total immersion in the language.
- Students have constant supervision including mealtimes and in the dorms.
- Original classwork booklets devised by a team of the most highly qualified and experienced people in the country.
- Native French, German and Spanish speaking staff provide an essential linguistic and cultural dimension to the courses.
- Excellent Teachers of French, German and Spanish meet the needs of Irish students in the classroom and help to prepare for exams.
- A wide range and choice of activities.
- A stimulating environment where students both learn and enjoy themselves.
- 98% of parents and students say they were satisfied with their experience of Euro Languages College.
- 90% of those who had experienced it said that ELC is as good if not better than an exchange program.
